### *Workshop Class Descriptions*

#### Friday:

Lindy for Pedestrians is an introductory course for beginning dancers and a good foundation class for experienced dancers. Learn to lead and follow simple swing rhythms; you'll be able to dance to the music at the end of the class! Lindy Hop is the world's most popular swing dance—join the fun!

#### Saturday:

Aerials and Tricks for Performances: This class is designed for members of the Hep Cats' Performance Team and other intermediate/advanced dancers who have solid connection skills and are physically fit. If you'd like to take this class, please contact Andie and get permission to register. Priced separately from the rest of the workshop.

Secrets of Good Partner Dancing. Do you want to be able to dance with anybody, even someone you've never danced with, and look great? This class will cover balance, timing, and connection with your partner. If you're new to partner dancing, this class is a must. If you've been dancing for a while, this class will enhance your frame and communication skills and correct some bad habits.

Playing with Lindy Rhythms is one of the easiest ways to add variety and musicality to your dance. This class is for Intermediate dancers who are experienced with the swingout and 8-count Lindy rhythm.

Sunday:

Boogie Woogie, with roots in the European 6-count style of Rock 'n' Roll, is famous for its fast footwork and is usually danced to early rock music. If you are already a lindyhopper or East Coast Swing dancer, this class will add sizzle to your moves. Beginning dancers ok.

Fancy Footwork will offer you skills which can apply to Boogie Woogie or many other dance styles. Add some spice to your basic moves! Beginners, please take the Boogie Woogie class first.

Bal-Swing I and II: Dancers who already know the balboa basic are invited to explore popular turns and moves to dress up your dance.
